WILL PLAY TONIGHT

The Noble stock company has met with such decided success every night here that the weather has been good and on Saturday night in particular when they played to a packed house, that they have changed their program and will remain here one night longer. They will give their final performance before a Tempe audience tonight and the play will be "The Rose of Killarney." It is a four act comedy and as the name implies it is of an Irish nature. It is guaranteed to be a mirth producer and is considered one of the best comedies in the repertoire of the company.

the court, one of whom shut up his saloon for two weeks on that account. In that same case a professional gentleman, also a witness in the case who had to make two trips to Phoenix told me that it cost him more than \$30 besides valuable time spent. An ex-sheriff told me that in his experience he has been compelled to take men as witnesses in criminal cases when their families were in actual need of the money spent for the territory. To buy food. That this has been an unjust and unfair arrangement I won't designate it a law, for it is not law in any sense of the word from its inception there can be no question and as I have said tends to defeat the ends which it is intended to subserve. If the territory is too poor to pay its servants we would better not try to reach higher and thus incur greater responsibilities.

WAS BALD SIX YEARS.

Three Months of the New Scientific Treatment Restored His Hair.

Baldness is caused by dandruff, which is caused by a germ. Kill the germ and it is almost certain that hair will grow again. If the follicle has not been totally destroyed, Nels Peterson of Lime Spur, Mont., says: "I had been bald six years, and had tried all kinds of cures, but without any benefit whatever, until I tried Herpelide, November 16, 1899 I began using Herpelide, and in three months a fine growth of hair covered my head completely." Ask your druggist for Herpelide. Everybody can have luxuriant, glossy hair, if Herpelide is used thoroughly. Take no substitute. Sold by leading druggists. Send 10c in stamps for sample to The Herpelide Co., Detroit, Mich. H. Goodman, druggist, special agent.

THE REPUBLICAN'S PATTERN 10 CENTS EACH

4953 Gathered Shirt Waist, 32 to 40 bust.

GATHERED SHIRT WAIST 4953.

To be made with or without the applied yoke and fitted lining. Shirt waists made full at the shoulders are among the latest novelties shown and are particularly well adapted to the many light and soft cotton materials, although they are attractive in silk and in wool. This one allows a choice of yoke or no yoke and includes sleeves of the very latest cut, that are full at both shoulders and wrists. In the case of the model the material is white Persian lawn, the collar and cuffs being of linen, but the model is adapted to all waistings that can be made full with good effect.

The waist consists of the fitted lining which can be used or omitted as material renders desirable, fronts, back and yoke, the yoke also being optional. The sleeves are in shirt waist style with wide cuffs and there is a turnover collar at the neck that is attached to the neckline by means of button holes and studs.

The quantity of material required for the medium size is 4 yards 21 or 27 inches wide or 2 yards 44 inches wide. The pattern 4953 is cut in sizes for a 32, 34, 36, 38 and 40 inch bust measure.

Cut this out and send with ten cents to The Republican, Phoenix, Ariz., filling out the blank below:
